THE ANARCHIST VOTE.

Altgelt, the Democratic governor of Illinois has pardoned the Anarchists Neebe, Fielden and Schwab who were serving life sentences in a state prison for their connection with the Haymarket riots of Chicago, May 4, 1886.

Two facts stand out: The connection of these men with that crime was murderous, treasonous and an organized assault by foreign agitators upon American law, order, society, government; 2nd, their pardon is redeeming of a political pledge made the A: archists and Soc'alists of Chicago, by which Altgelt carried Illinois.

Those two facts are pretty well established and require no comment.

THE FINANCE SITUATION.

Will the government allow silver money to go to a discount? The silver dollar is now worth 53 cts, in bullion. There is 47 cts. government flat today in all our coined silver and all paper currency issued upon it.

Will the government maintain this flat? Can it do so? Undoubtedly it could be done. It has been done. With clear heads like Stauton, Salmon P. Chase, Abraham Lincoln or John Sherman at the head of the government it would be done.

No doubt Cleveland and his cabinet will seek to do it. They will do their best under the circumstances to maintain all the money of our country at par. But the Cleveland administration has been hostile to silver. Circumstances may force it to do the thing It does not love, or be ruined forever,

THE UNLUCKY LEGISLATURE.

That is a mild word for it. The fatuous or ill-fated legislature would be better. Nearly all its chief work has been assalled or is already destroyed. The money it appropriated for new state institutions is tied up in an in-

junction suit. Its appropriation for the Agricultural college building is lost in a busted bank.

Its world's fair and military appropriations are severely criticised.

The game protector and food commissioner are dead letters because no salary attaches. Nil est bonum.

RESOLUTIONS ABOUT PENNOYER.

H. C. Perkins, of Llewellyn, furnishes following resolutions of Liberty alliance, No. 75, for publication:

whereas, The laboring people of Oregon have recognized in Gov, Pennoyer an able defender of their rights during his term of office as governor; and Whereas, The Popullsts of Oregon and other states have considered him

in entire sympathy with their platform, he having endorsed all the important features of the same; therefore be it

Resolved, by this alliance that the editor of the Farmers' Journal in his denunciations of Gov. Pennoyer for not

denunciations of Gov. Pennoyer for not vetoing the bill repealing the mortgage tax law is imperiling the interests of the people's party of Oregon.

Resolved, That the above editor is hereby called upon, by this body, for the positive proof that Gov. Pennoyer is as bitter an enemy to the Populist organization, as Grover "leveland, as published by him in the Farmers' Journal of April 21, 1893.

Besolved, That we further demand of the editor to say to what political party the governor does belong and we

party the governor does belong and we emphatically demand the proof that Governor Pennoyer went around se-cretly belittling Gen. Weaver, and did not vote for him on election day.

Resolved. That we also demand the proof that the governor was in a con-spiracy with Joe Simon in repealing spiracy with Joe Simon in repealing the mortgage tax law as appears in his editorial of April 28, 1893; and be it further resolved that if the above state-ments of Mr. Gaston proves beyond a doubt to be true, we will ever hold him in highest regards and commend his paper to the favor of our brother Populists, but if he fails to produce the required proof for the above statements published by him in regard to Governor Pannoyer we shall look upon him as the enemy of the Populist organization that our paper influence meaning ur utmost influence against him and his paper. And we hereby request the editor to publish these resolution and answer our demands at his earliest convenience.

Brandreth's Pills are the safest and most effective remedy for indigestion, irregularity of the bowels, constipation, hiltonesses, headache, dizziness, malaris, or any disease arising from an impure state of the blood. They have been in use in this country for over fifty years, and the thousands of unimpeachable testimonials from those who have used them, and their constantly increasing sale, is incontrovertible evidence that they perform all that is claimed for them.

It is worth while to inquire into the cause of the withdrawal of the Agricultural college fund from the state tressury to Corvallis to be deposited in the ottering bank of Hamilton, Job & Co. There was no precedent for the removal of such a fund until it was geeded for expenditure. Was it a scheme of interested parties to bolster up a fluancial institution which was at the very time the deposit was made hopelessly involved in bankruptcy? There is plenty of material in this case for an interesting investigation by , roper authorities, - Ex.

Time being scarce it was decided that they should finish their discussion at some future date. Then followed an entertainment by the Waldrop family of Portland which was enjoyed by all.
